3600 SERIES

Single or Twin Grille/Deck/Dash & Window Mount

The 3600 Series LED heads are compact and versatile high intensity directional LED warning lights suitable for mounting anywhere on a vehicle. Colorless until illuminated, these discrete LED heads feature encapsulated electronics offering a high degree of environmental and vibration protection. Available in either single or twin head configurations, each model is supplied with both permanent and temporary (window) mounting hardware. The 3600 Series features 20 flash patterns, and multiple units can be synchronized to flash alternately or simultaneously.

Models

PART NO.	TYPE	VOLTAGE	AMPS	MOUNT
3611X	Single	12-24	0.55	Grille/Deck/Dash/Window
3612XX	Twin	12-24	1.0	Grille/Deck/Dash/Window

Replace X in part number with desired LED color: A = amber, B = blue, C = clear, R = red (mixed colors available)
